

Task 1:

Help the Bees Find Their Home

Objective:

Encourage imaginative play and teach your kid about bees and their hives

Instructions:

Put bees on the printed flower. Use the wooden tongs to pick up the bees and place them into the each cell of the "honeycomb" to help the bees find their home.

Task 2:

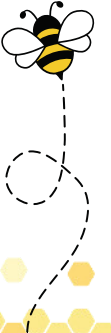

How bees make honey

Objective:

Teach your kid about bee pollination and how bees make honey

Instructions:

Put yellow pompoms at the center of the printed flower. Let your kid act as a bee and use the wooden tongs to pick up the "pollens" and place them into the each cell of the "beehive" and discuss how bees make honey.

Task 3:

Bee Poem Reading

In the meadow, bright and sunny,
Busy bees, they're oh so funny.
They collect pollen, full of cheer,
Flying from flower to flower, year
after year.

Back to their hive, they'll safely roam,
In their beehive, a cozy home.
They share nectar and give a hug,
Busy bees, like a big bug.

In your play tray, let us play,
Help the bees on their way.
From flower to hive, side by side,
Learn about bees on this joyful ride.

Enjoy colors, textures, and more,
With the bees, it's fun galore!
In the meadow under the sun,
Discover the world of bees and
have some fun!

Task 4:

Mini Quiz 'Bee'

Objective:

Review lessons from the imaginative play

Quiz:

- 1) Where do bees take the pollen they collect back to?
 - a) A zoo
 - b) A beehive
 - c) A pond
